

## **Join the TFCA Finance Community of Practice (CoP)** **Strengthening collaboration and finance readiness across SADC Transfrontier Conservation Areas**

The TFCA Finance Community of Practice (CoP) is a new platform for practitioners, partners, and policymakers to connect, share experiences, and build capacity for financing transfrontier conservation and sustainable landscapes in the SADC region.

Launched following the Summit Report-Back webinar of 26 August, the CoP brings together stakeholders engaged in the design and implementation of financial mechanisms that support TFCAs, biodiversity, and community livelihoods.

The CoP is supported by the Joint Action NaturAfrica/Climate Resilience and Natural Resource Management (C-NRM) Programme - a partnership programme between Southern African Development Community (SADC), the European Union (EU) and the German Government, implemented by Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH.
