# **Funding Opportunities: Regional Environment Program**

**Mahlodi Tau**

**SADC TFCA Network Symposium**

**06 July 2016**

# Regional Environment Program

## Environment

- A regional program based in Pretoria, South Africa
- Manages \$70m in active regional awards, across 12 countries
- Promote regional cooperation to manage transboundary natural resources

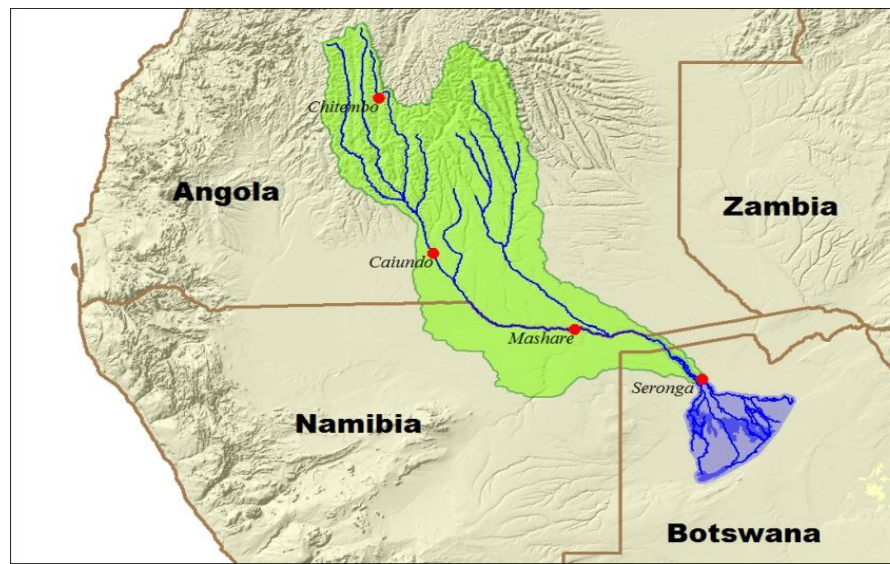

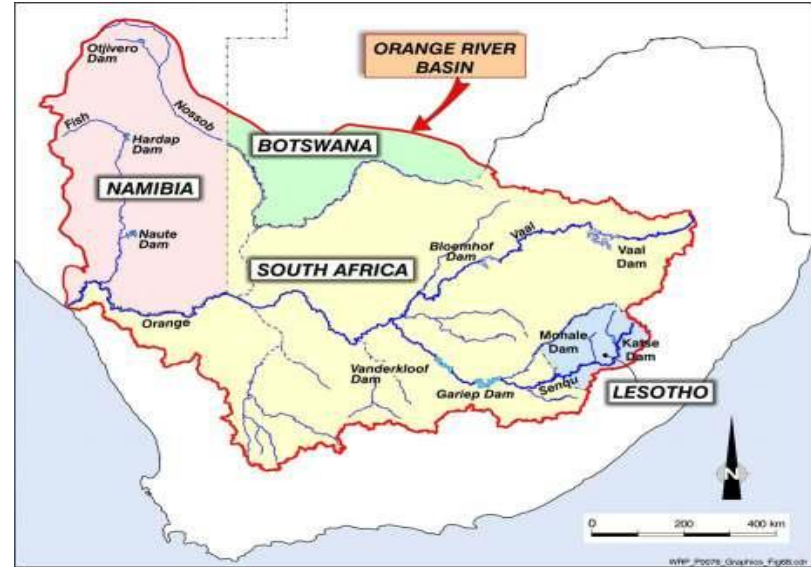

# Key Focus Areas

- Biodiversity conservation & combating wildlife crime;
- Building resiliency to climate change;
- Access to sustainable water supply, sanitation and hygiene; and
- Enabling environment for environmental sustainability

# Current funding mechanism - River Basin Approach

# Examples of Funded Partnership Projects

- Transboundary water resource management
  - *Southern African Regional Environment Program (SAREP) 2010-2016*
  - *Resilience in the Limpopo River Basin (RESILIM) 2012-2017*
  - *Water and Ecosystem Security in the Orange-Senqu River Basin 2012-2016*

# Anticipated Activities

- Combatting Wildlife Crime
